Learning Agreement Before Mobility

The Learning Agreement (LA) is a document containing the subjects you are going to study at UER, agreed among you, your home university and UER. The first section of the Learning Agreement is called “Learning Agreement Before Mobility”. It should contain the same subjects that you already specified in your International exchange application form.

You should submit your Learning Agreement Before Mobility through the paper-based form to be sent by e-mail or through the Online Learning Agreement platform (only for Erasmus+ students) within **1st February**. Necessary information for completing the Learning Agreement:

- Università Europea di Roma Erasmus code: **I ROMA23**
- Name of the university at the Online Learning Agreement platform: Università degli Studi Europea
- Contact person at the receiving institution:
Dott.ssa Francesca Chiriani francesca.chiriani@unier.it and dott.ssa
Laura Polimadei laura.polimadei@unier.it
- Responsible person at the receiving institution: Prof. Aniello Merone –
aniello.merone@unier.it

For students of the Anáhuac universities please note that the Learning Agreement Before Mobility is equivalent to the *Predictamen*. You need to submit either your *Predictamen* OR the paper-based Learning Agreement Before Mobility within 1st February. Please read carefully the guide on LearningAgreement Before Mobility.

The *Codice Fiscale* is the tax code in Italy that serves to identify individuals residing in Italy. You need to get your *Codice Fiscale* if you are planning to stay one or two semesters in Italy. You will frequently use it. You can either get it at the Italian Embassy/Consulate in your home country before you arrive in Italy or at one of the several [Agenzia delle Entrate](#) once you are in Rome. We would advise you to get the *Codice Fiscale* at the Italian Embassy/Consulate in your home country before you arrive to Italy.

For the *Codice Fiscale* you would need the [AA4/8 module](#), your ID/passport and UER Letter of Acceptance (and the visa for extra-EU students). **Make sure that the staff of the Embassy/ Consulate/ Agenzia delle Entrate have correctly activated your *Codice Fiscale*.**

Visa (non-EU students only)

Non-EU students staying in Italy **90 days or more** need to obtain a **study visa** through the [University portal](#). Please visit the following [webpage](#) for further information in this regard.

Please note that the visa application can take up to three months and needs to be done after completing the application to Università Europea di Roma, so we advise non-EU students to submit their application to Università Europea di Roma as soon as possible.

During your mobility

Orientation Week

The Orientation Week (10/02/25 to 14/02/25) goal is to present you the University, explain you how it works and introduce you to the other international students.

The Calendar of the Welcome Week will be sent later on.

Certificate of Arrival

The day of your arrival to UER (10th of February) we will provide you with the [certificate of arrival](#), that you will have to send to your home University as soon as possible.

Learning Agreement During Mobility

Once you arrive to UER, there might be some subjects that you would like to change from your initial Learning Agreement Before Mobility. In order to do so, you will have to point out these changes in the “Learning Agreement During Mobility”.

You should submit your Learning Agreement Before Mobility through the [paper-based form](#) to be sent by e-mail or through the [Online Learning Agreement platform \(only for Erasmus+ students\)](#). You need to send the Learning Agreement During Mobility:

- **Already signed by your Home University’s Coordinator.**
- In one only document also containing the Learning Agreement Before Mobility. You can use the following [link](#) to merge two PDFs in one.
- Within the 1st of March. **No Learning Agreement During Mobility will be accepted after 1st of March. Only subjects notified before 1st of March will appear in the final Transcript of Records.** The International Relations Office will send you back a copy signed by the UER Faculty Academic Coordinator.

For students of the Anáhuac universities please note that the Learning Agreement During Mobility is equivalent to the *Dictamen Final*. You need to submit either your *Dictamen Final* OR the [paper-based Learning Agreement during mobility](#) within 1st of March.

A specific **info session** on Learning Agreements will be held during the Welcome Week, during which we will help you to **resolve your doubts** regarding the LA, subjects and schedules. Should you need further orientation your UER Faculty Academic Coordinator will meet you upon previous appointment.

Subject enrolment and online teaching materials

There will also be an info session which will guide you in the process of:

- registering your subjects in the [Esse3](#) informatic system, to be officially enrolled and appear in the attendance list.
- registering in the [Canvas](#) informatic system, to access teaching materials, such as bibliography or Power Points uploaded by professors.

Buddy Program

It aims to match each international student with a UER local student, who will be at your side to help you:

- Explore the university.
- Discover what to do in Rome and Italy.
- Learn Italian through language exchanges.
- With practical information, such as where to get a SIM card.
- Relate to Professors and the Student Care Office.

During the first week you will be able to meet your buddy and other colleagues and smooth your integration into UER life.

The official calendar of the Buddy Program will be published later on.

Should you want to participate, please send an e-mail by **10th January** to laura.polimadei@unier.it, providing your WhatsApp number (with international prefix).

If you don't want to miss the activities, stay tuned and follow our **Instagram** [@uerinternational](https://www.instagram.com/uerinternational)

Lesson attendance

Attendance to UER lessons is compulsory. Students are required to attend **at least 50 % of course lessons** in order to be allowed to take the corresponding exam in the **first call of the Spring session**. The access to the first call of the Spring session is reserved to students who have attended at least 50 % of course lessons.

Students who have not attended **at least 50 %** of course lessons will lose the right to participate in the first call of the Spring session. **It is not possible to take exams online.**

Students must **register** their **attendance** digitally through the UERClass app. During the first week an info session will be held to explain you how to register the attendance.

In the unlikely event of malfunctioning of the UERClass app, students need to **immediately inform the professor at the end of the same lesson**, so that he/she can manually register the student's attendance at the end of the same lesson. It is not possible to allege at the end of the semester that the minimum attendance has not been registered because of malfunctioning of the UERClass app. For further information on the exam sessions, please visit the [Academic Calendar](#) section of this guide.

Printing at UER

You can print in the bookshop (first floor, corridor D) or you can buy at the same bookshop a card and print in the library with this card (floor -1, corridor B).

Italian Health System

The citizens of the European Union can receive free treatment or at a very low price if they present the European Health Insurance Card (**EHIC**). Remember that the social security systems vary among EU countries. It is possible that in Italy you have to pay a part of the cost (a fee called *ticket*) directly to the hospital, even though you don't pay it in your home country. In Italy, the fees paid for medical services are not reimbursed. You will have to request the refund to your national social security system when going back home. This card does not cover treatments that are not **urgent** and can only be used in public hospitals. The **EHIC** is not accepted in private hospitals. There are many public hospitals in Rome, for example, *Ospedale San Filippo Neri*, *Ospedale Santo Spirito* or *Aurelia Hospital* (near the university). You can find the nearest public hospital by writing in Google Maps "ospedale pubblico Roma".

When you arrive at the hospital, go to the *Pronto Soccorso* area, where a nurse will evaluate your situation and give you a code:  white code (less serious),  green code,  yellow code and  red code (most serious). The more serious the situation is, the quicker you will get visited by a doctor.

In case of emergency you can also go to the [Emergency Medical Unit for Tourist](#) (Via Emilio Morosini, 30 and Via Antonio Canova, 19), where a doctor will attend you. You will have to pay a fee, but they speak English and it is probably quicker than going to the *Pronto Soccorso* of a public hospital.

A fee is paid for most prescription drugs. The fees of prescription drugs are not reimbursable in Italy. You will have to request the refund to your national social security system when going back. Medications that do not require a prescription are not refundable.

If you are not an EU citizen and, therefore, you do not have the EHIC card, you can take advantage of urgent and elective medical services upon payment of the corresponding fee. In the website <https://www.doctorsinitaly.com/> you can set an appointment with a **private English speaking doctor** upon payment.

After your mobility

Transcript of Records and Certificate of Attendance

The Transcript of Records contains the grades you obtained at UER after completing your exams. The Transcript of Records will contain **exclusively** the grades of the **subjects you notified through your Learning Agreement within 1st March** (for further info please consult the [Learning Agreement During Mobility section of this guide](#)).

The Certificate of Attendance contains the dates when you arrived to Università Europea di Roma and the date when you took your last exam and, therefore, your mobility officially ends.

UER International Relations Office will send both the Transcript of Records and the Certificate of Attendance to your home University by e-mail with you in copy. You do not need to do anything in this regard.
